Subject: Recommendation and Data Endorsement for Final Year Project – LexiGuard

Dear Committee Members,
I, **ADVOCATE SYED TAHA BIN AZIZ**, Advocate am pleased to endorse and support the Final Year Project titled "LexiGuard: A LEGAL-BERT & RAG Powered Contract Risk and Deviation Analyzer for Quantifiable Compliance Scoring."

To facilitate this initiative, I am providing access to sample and template legal contracts along with anonymized real-world contract data for academic and research use. These materials are intended to assist the project team in testing, validating, and enhancing their proposed legal-tech solution with authentic references from professional practice.

I fully endorse this academic effort and affirm that all shared data complies with legal confidentiality requirements and ethical standards of practice.
